Dear Parent or Guardian,

We are pleased to introduce you and your child to MySchoolHealthNow, Penn Highlands Healthcare's new School-Based Behavioral Health Telemedicine program!

You are receiving this letter as an opportunity for you to enroll your child into this program and start Behavioral Health visits with their Behavioral Health provider during school hours. This is a great way to provide quality, accessible healthcare to the children who attend the Brockway Area School District.

Penn Highlands' Behavioral Health providers who are currently seeing patients in the school setting include Dr. Paul Ignatius, Dr. Allen Dsouza, Dr. Jason Rock, Dawn Burns, PA, Luke Haskins, PA, James Brem, and Emily Bly. Children who are actively following with one of these providers are eligible for MySchoolHealthNow. Visits will be performed just as they would in the Penn Highlands office setting, without the hassle of arranging scheduled appointments around work and needing to have a child leave school. The Behavioral Health provider will determine what appointments are appropriate via telemedicine or in person.

Please see the attached flyer for more information about our School-Based Behavioral Health Telemedicine program and how to enroll.

Best regards,

Betsy Lingle
