

The Brockway Area School District has revised the Athletic Health and Safety Plan to increase the number of spectators attending school events. The Plan will permit 25% capacity for all outdoor events and 20% capacity for all indoor events. Below is a breakdown of how tickets will be issued for Varsity Football and Volleyball.

Varsity Football

Away team will receive 100-125 tickets

Our players will receive 4 tickets for family and friends

Band and Cheerleaders will receive 2 tickets

The members of the Senior class will receive 1 ticket

All essential workers and media will receive 1 ticket

Varsity Volleyball

Away team will receive 2 tickets for family and friends

Our players will receive 3 tickets

Essential workers and media will receive 1 ticket

The above allocation of tickets will ensure that the stadium and gymnasium remain within the capacity limitations. All Junior High events along with soccer, tennis, X-Country and golf will not exceed these capacity limitations, thus the need for tickets is irrelevant. Tickets will not be sold to the general public. This will ensure that the district has an accurate account of who is attending our events. Seniors who are taking Cyber may obtain a ticket for football games by calling the main office of the high school before 3:00 PM on the Friday of the game. A face covering is required for all events.
